Regular Meeting Held of the Municipal District of Wainwright No. 61

The Council of the Municipal District of Wainwright No. 61 met in the Council room at Wainwright, Alberta, on Thursday the 6th November, 1958, at 9 o'clock in the forenoon.

Councillors: Dallyn, Mills, Garrioch, Patterson, Plaxton, Smallwood, and Archibald present.

Smallwood—That the minutes of 9th October, 1958, be approved as written. Cd.

Finance: Plaxton—That the accounts as recommended by the Finance Committee and those approved by Council be passed and paid. Cd.

Agricultural Service Board: Minutes of A.S.B. Meeting held 3rd November, 1958, read and discussed.

Mills—That in the matter of a newsletter as recommended by the Service Board that one issue for 1958 be printed. Cd.

Dallyn—That the petition as received from residents of Township 44 Range 1, fulfilling the regulations as to the "Setting of Poison Act" that 1 Bait only of 1080 be set out in this area, that this Council so recommends. Cd.

Garrioch—That the oral report of the Field Supervisor be accepted as given. Cd.

Administration and Taxation: Smallwood—That G. Stretch continue Assessment work in the Municipal District reference to

buildings and improvements and other assessments for 1959, until 31 December, 1958, that a detailed report be submitted 11th December, 1958. Same rate of pay and mileage as per motion 167/58.

Plaxton—That Motion 315/58 be rescinded and that a Court of Revision be held Thursday, 11th December, 1958, at 2 p.m., Wainwright, Alta., to hear complaints as to the 1958 Personal Property Assessment. Cd.

Protection to Persons and Property: Archibald—That Cattle Crossing Signs be placed on roadway between H and 12 and 13 and 14-10: through NW 5-43-2; and between 28 & 33-41-4. Cd.

Public Works: Garrioch—That the road foreman be advised to keep 7 operators for Snow Plough work, and that a minimum wage of \$300.00 per month be effective from 1 November, 1958, to 30 April, 1959. Cd.

Mills—That the paysheets be passed and paid when signed by the Treasurer concerned. Cd.

Garrioch—That this meeting adjourn. Cd.

NOTICE

Irma United Church 48th Anniversary supper will be held in the church basement on Monday evening, Nov. 24th, followed by a program in the church. Everybody welcome.

Prices for supper and program: Adults \$1.00; High School Students 75c; Public School Children 50c. 21c

Obituary

MR. A. E. PETERSON

On Nov. 15th, aged 91 years, Mr. Axel Edward Peterson of 12142-95 St., Edmonton, passed away. He lived formerly at Ribstone, Irma and Seba Beach. He leaves to mourn, his loving wife, also two sons Ernest and John, both of Ribstone and 2 grandchildren.

Funeral services were held from St. Faith's Anglican Church on Tuesday, Nov. 18th and interment was made in Westlawn Memorial Gardens.

Local News

Mr. V. Sampson was an Edmonton visitor early this week.

Mr. and Mrs. K. B. Lingly of Batts district went to the city on Sunday to see Mrs. H. Meahins who is in hospital there following a fall in which she fractured her hip. Mr. and Mrs. Lingly returned home on Wednesday evening.

Winter edged in rather quietly but here it is now, frost and all. We have not had much snow as yet, which is quite surprising when we think of Canada and a good bit of Alberta seems to be literally snowed under. We will not boast, for quite probably we shall see more of it in the near future.

Mr. Martin Enger is taking advantage of the lower temperatures and is busy making ice on the skating rink here.

On Saturday last, Mrs. P. J. Hardy of Edmonton, former Irma resident, was renewing old acquaintances here when she came to attend the wedding of her niece, Marilyn Hill.

Mrs. J. Jackson is visiting in the city at the home of her son Albert.

Mrs. R. L. Simmerman has again been called to Comox, B.C. where her little granddaughter, Lynne Meyer is critically ill.

Mr. and Mrs. J. Craig have moved to Wainwright where Mr. Craig built a fine new home during the summer months.

Mr. F. T. Thurston was able to come home from hospital on Wednesday of this week.

Mrs. Ivan Currie is a patient in Viking hospital.

Chris and Don Burton are taking a trip to Vancouver to visit their father, Mr. A. W. Burton who, we are sure, is convalescing nicely following his recent illness.

Congratulations and best wishes to Miss Shirley Jones and Mr. Orville Lovig whose marriage takes place on Saturday, Nov. 22.

Mervin Lovig visited at his home here last weekend.

Lorraine Pond and Maureen Patterson, who are attending the University of Alberta, spent last weekend at Irma.

Mr. and Mrs. Henry Lovig are making a new home in Wainwright.

The next regular meeting of the W.A. will be held at the home of Mrs. F. Thurston on Thursday, Nov. 27th at 2:30 p.m. The Collection at this meeting will be for the Anglican Women's Training College. Will all members kindly bring in their sewing to this meeting so that it can be priced, ready for our sale on Dec. 6th. Thank You.

Mr. and Mrs. A. C. Archibald and Mr. Alex Smallwood attended a convention for municipal councillors in Edmonton this week.

Mrs. Bill Boyd is home from hospital and feels much better.

Mr. J. Jackson has purchased the house formerly occupied by Mr. and Mrs. A. Brokop and has moved it on to his own property in Irma.

WEDDING BELLS

LOCKHART — HILL

Irma United Church was the setting of a very pretty wedding on Saturday, November 15, when united in marriage were Marilyn Ann, youngest daughter of Mr. and Mrs. F. M. Hill, and Clarence Cecil, youngest son of Mr. and Mrs. W. R. Lockhart, all of Irma.

The Rev. H. W. Inglis performed the ceremony.

Baby chrysanthemums in shades of rust and yellow decorated the front of the church and guest pews were marked with white bows.

The bride, given in marriage by her father, chose a waist-length gown of white lace over silk. Her wedding veil mistled from a lace bridal tiara trimmed with pearls. She carried a bouquet of yellow roses and Lily of the Valley.

The bride's only attendant was her sister, Mrs. Hugh Tomlinson. The matron of honor wore a waist-length gown of gold celanese taffeta. She carried a bouquet of baby chrysanthemums in shades of mauve.

The groom was attended by his brother-in-law, Mr. Jim McLaren of Edmonton.

Mr. John Hill, brother of the bride, and Mr. Philip Larson, nephew of the groom, ushered the guests to their seats. During the signing of the register, Mrs. Martin Enger sang "The Wedding Prayer." Mrs. Norris Tomlinson performed the wedding music.

For her daughter's wedding, the bride's mother chose a grey printed silk shantung and blue accessories. The groom's mother chose a blue lace dress with pink accessories. Each had a corsage of white roses.

Following the ceremony, a reception was held in the Church Basement.

The bride's table was laid with a white linen cloth, centered with a three-tiered wedding cake.

Mr. R. Dempsey, master of ceremonies, called on Rev. Inglis to propose the toast to the bride, to which the groom fittingly responded. Miss Mabel Lockhart, sister of the groom, was in charge of the guest book.

A telegram of congratulations from Floyd Lockhart, brother of the groom, at Stony Mountain, was read.

A well-attended dance was held at Batts school in the evening with the Ira Mix-Masters providing the music.

For travelling, the bride chose a rose suit. Accessories in white and black complemented her costume and she wore a corsage of white roses at her shoulder.

After a honeymoon to the coast, Mr. and Mrs. Lockhart will reside on the groom's farm north of Jarrow.

Out-of-town guests attending the wedding included: Mrs. F. J. Henry; Mr. and Mrs. Jim McLaren; Mrs. Tom Boules and sons; Mr. and Mrs. A. Dyck and family; Mr. John Hill; Mr. Clarke Code; Mr. and Mrs. N. L. Tomlinson; all of Edmonton; also Mr. and Mrs. Blair Stevens of Vegreville.

WITH THE District Agriculturist

By J. S. Duncan

Mineral for Cattle:

Minerals are very important for cattle, particularly phosphorus. This element is lacking in late summer and fall pastures so many cattle go into the winter already deficient.

Cattle being fattened on grain should get a mixture containing 1/4 bonemeal, 1/4 limestone and 1/2 salt. For cattle being wintered mainly on roughage a satisfactory mixture can be made up of 1/2 bonemeal and 1/2 salt.

Put this mixture out where it will be protected from snow or rain and replenish the supply regularly rather than putting out the whole winter supply at one time.

Don't feed Stilbestrol to heifers which are going to be herd replacements or you may have breeding troubles.

Scorghum Alum: You may have read some of the advertising about this forage crop. It is a hybrid of Johnson grass which is one of the most troublesome weeds in some parts of the United States. For this reason it is suggested that farmers in Alberta do not try to grow Scorghum Alum at least until enough experimental work is done here to see if it has any value as a forage and we find out what problems may be associated with it.

Forage Crops: Now is the time to make plans for seeding down hay and pasture next spring. One reason for planning now is so that you can get your seed ordered and be sure of getting what you want. If you aren't sure of what mixture will serve you best, drop into the office and talk it over, or write me, explaining what you have in mind and I will suggest a mixture which fits your requirements.

News Report From Edmonton

By Ken Mason

EDMONTON—Now that the federal and provincial governments are committed to helping municipalities foot the bill for winter works projects, the question is whether many Alberta municipalities will be able to take advantage of the offer.

Ottawa announced some time ago it will pay municipalities 50 per cent of the labor cost incurred in road, sidewalk and sewer projects which wouldn't ordinarily be carried on in the winter, as a means of boosting employment.

Last week the province got in to the act. Premier Manning said the province will pick up 25 per cent of the labor cost, leaving the municipalities to pay only the remaining one-quarter of the labor bill on special winter work.

To promote quick action, the province will also lend up to \$4,000,000 to municipalities to finance winter projects, at an interest of five per cent.

But here's the problem municipal administrators are pondering: How much road, sewer and sidewalk work can be done in western Canada in the dead of winter? Of the three, underground sewer work looks like the best possibility.

Premier Manning has written Ottawa asking the federal government to broaden the scope of the program, but at the time of writing there had been no reply. He pointed out that such things as gravel stockpiling and bridge construction can be carried out easily in the winter and would do more to stimulate employment.

DEFICIT FINANCING is a painless matter if you happen to have a fat bank account like the government of Alberta.

In the last fiscal year, ended March 31, the province took \$20,122,602 from its savings to make up the difference between revenue and expenditures. This compares with surpluses of \$34,363,412 on the 1956-57 fiscal year, and \$15,593,544 for the 1955-56 fiscal year.

Total revenue for the year was \$277,373,593, while overall spending was \$297,496,505.

Main factors responsible for the operating deficit: \$10,832,540 spent on oil and gas royalty dividends, \$52,060,437 shelled out to reduce the public debt, and an unexpected increase in school buildings assistance.

The figures are contained in the public accounts report for the year, released last week by Provincial Auditor C. K. Huckvale.

ARE ALBERTANS GUZZLING more, or are there more Albertans guzzling?

Whatever the answer, Alberta residents consumed \$63,017,819 worth of liquor and beer in the last fiscal year to give the liquor board a profit of \$18,944,100 on the year's operations. The profit represented an increase of more than \$2,000,000 over last year's figure.

Liquor alone accounted for gross sales of \$33,097,576, while beer sales grossed \$29,920,234.

According to the public accounts figures, Edmonton drinkers gave the liquor board a profit of more than \$6,000,000. Beer sales alone in Edmonton grossed \$8,830,706, leaving a beer profit of \$1,454,469 in the capital city.

WHEN A GOVERNMENT is faced with an unexpected expenditure, the cabinet must pass a special warrant to cover whatever amount must be spent.

In the last fiscal year, the Alberta government spent \$11,967,928 under authority of special warrant. One of the main factors was an unexpected increase of more than \$6,400,000 in the amounts required for school building assistance.

Every department of the government had to ask cabinet for increased appropriations in varying amounts. In each case, the warrant must have the approval of the provincial auditor. An employee of the Legislature (not the government), the auditor acts as the watchdog on the government purse strings.

Provincial civil servants travelled a total of 7,366,124 miles in their own cars last year, and received mileage allowances amounting to \$840,809. This was the major item in an overall travelling expense bill of \$1,761,500 paid to civil servants

THE Homemakers

Gift Wrapping:

Attractively wrapped gifts add so much to the festive air of the season. The choice in the line of fancy ribbons, paper and other decorations for gift wrapping parcels is unlimited.

Christmas messages and different designs can be produced on gifts, mirrors or picture windows with colored scotch tape either to match or contrast the wrapping. To preserve some of the lovely wrappings and bows, cover the lid separately from the bottom.

Create different and original ideas for decorative trim. Glitter, old cut out Christmas cards, jokes, insets of leftover paper, miniature toys or Christmas tree decorations are just a few of the unlimited decorative trim that can be used. Holly, spruce, fern or pine sprigs, and natural or painted cones can also be used as substitutions for bows.

An individual can create glamorous bows duplicating the bought ones and at the same time gain self satisfaction at being able to create them. The following are a few suggestions and directions:

For the basic bow, overlap the ribbon several times, then cut the centre of the bow on either side in form of a V. Tie a knot using a narrow strip and spread the ends. The frout frout bow is a variation of the basic bow above and can be produced by cutting into and along the edge from the overlapped portion towards to near the centre of the V on both ends. The formal or circle bow is created by making a small circle of ribbon around the thumb and adding other circles fanly, gently larger, until the bow is the desired size. Pass a short strip of ribbon through the centre loop and secure the back.

A number of bows are now made separately instead of looped. To tie the knot bow cut the following lengths of shen: four 13 in., two 11 in., two 10 in. and one 4 in. Moisten the ends of the 13 in. strips and press to centre. Repeat the same procedure with the other strips and place 1 on top of the other in the above order of lengths. Each bow may be arranged at a different angle at the centre to produce the final effect. For a fluffier bow, cut strips all the same length and add as many loops as desired. Wire, needle and thread or scotch tape or ribbon can be used to hold bows together.

NEXT WEEK: Gift Suggestions.

Hong Kong Missionary Guest Speaker at Lutheran Church

(From The Viking News)

Miss Cora Martinson will be the guest speaker at Golden Valley Lutheran Church, next Sunday, November 23rd. Miss Martinson was born in China of missionary parents. She knows China intimately. The last few years she has been doing missionary work in Hong Kong. Miss Martinson is an interesting and gifted speaker. Everybody is cordially invited to hear this missionary next Sunday, both at 11 a.m. and again at 8 p.m. at Golden Valley Lutheran Church.

LITTLE DIPPER—Miami Beach, Fla.—One bathing beauty who isn't worried about her hair, 20-month-old Niveta Clausen splashes some water around at Miami Beach. The little cutiehead is vacationing with her parents, Mr. and Mrs. Leif Clausen, of Honolulu, Cuenca Province, Spain.

during the fiscal year. Subsidized allowances paid to civil servants away from home on business totalled \$704,984.

AXEL, PRINCE OF DENMARK—Prince Axel of Denmark celebrated his 7th birthday. The Prince is son of Prince Waldemar and Princess Marie of Orleans.

The manufacturing industry provides the largest single source of Canada's labour income, about 1/2 of the total.

Physical production of goods and services in Canada was down by 2% in the first quarter of 1958 as compared to 1957, but value of the Gross National Product was up for the period because of higher prices.

PUBLIC TENDER

Tenders will be received by the undersigned up to and including the 3rd day of December 1958 for the sale of the following School buildings and sites. All tenders must be written, the highest or any tender not necessarily accepted. These tenders will be considered by the Wainwright Divisional Board on Friday, December 5th, 1958. Schools or other buildings or sites to be sold separately.

Echo School, site 20'x30'; Barn 14'x16' (shingle roof); Toilet 4'x4'; Coal Bin 10'x12'; One Waterbury School Heater. Separate bids will be considered.

Saddle Hill School, barn & site: size 24 by 32. Location 14-45-4-W4th.

Oliver G. Griffiths, Secretary-Treasurer, Wainwright School Division No. 32. 31-Dec

Wainwright Allowed Entry in B.R.H.L.

At a meeting of league representatives and coaches in Sedgewick last Monday evening, the Wainwright entry was reconsidered and voted into the Battle River Intermediate "B" Hockey League.

It was also decided to divide the 8-team loop into two sections, with the sections playing an interlocking schedule. Under the present set-up, Viking, Killam, Forestburg-Alliance and Wainwright form one division while Stettler, Hardisty, Dayland and Camrose form the other. Each team would play one home game and one away game with each member of the other division as well as a complete schedule with the members of its own division.

The reasons for splitting the league were to cut travelling time and to balance the league as far as the calibre of the teams was concerned. Plans are being made to draw up the schedule at the present time, with the first week in December set temporarily as a starting date.

Bursaries and Awards Available To High School Students

For some years the High School Staff and the Executive of the Viking Home & School Association have been concerned about making parents aware of the bursaries and awards which are available to the students of the Viking High School. On two occasions it has been discussed at the Home & School meetings. All notices and information sheets have been posted on the school Bulletin Board. However, the number attending the Home & School meetings has not been large; and we do feel that the parents should become acquainted with this information as well as the students.

On the whole the awards are available to students who are considering going on to University and achieve University Matriculation standing. There are however some available to students going into business colleges and to girls going into nursing. One thing to remember is, that students must make application for them and must come up to a certain standard of achievement before they are considered as possible recipients.

There are many scholarships, bursaries, awards, and grants available to high school students and graduates. A condensed list is printed here. A complete list may be obtained from the Registrar, Dept. of Education. There are also several copies at the Viking News Office.

These scholarships are available in Alberta: Agriculture, 5 scholarships ranging from \$100 to \$500; Chemistry, 3 from \$250 to \$500; Pharmacy, 2, from \$100 to \$250; Physio-therapy, 3, for \$350; Mathematics, 5, from \$150 to \$500; Food Service Administration, 1, for \$1000; Education, 9, from \$200 to \$600; Classics (Latin and Greek), 2, for \$150; Engineering, Geology and Geophysics, 9, from \$100 to \$500; Arts and Science, 10, from \$150 to \$1500; Any Degree Course, \$7, from \$100 to \$2000.

Most of these scholarships and awards are given to students of good standing. Often a need for financial aid must be shown. Sometimes interest in a special field is required.

For teacher training there are bursaries by the school board—usually \$300; these are government bursaries that amount to \$200 per year; teachers in training may get remission of tuition fees and there are bursaries and remission of fees for University graduates if the student is eligible and makes application.

There are many awards that apply to special groups such as members of armed forces and their families, employees of certain companies' children that are deaf or blind or mentally or physically incapacitated. These awards are not shown on this brief list.

There are scholarships for music and the other Fine Arts to the Banff School of Fine Arts and other similar institutions.

Besides these there is the Students' Assistance Act:

Assistance is available to students by way of grants and loans, under the Students' Assistance Act 1953. Matriculated students who contemplate entrance to the University and who can submit evidence of need should apply to the Deputy Minister, Department of Education, Edmonton, for details regarding such assistance.

Grants are available to assist needy students, and are not subject to repayment. For new students, grants in an amount not to exceed \$300 will be made to those who are able to prove need, and who have the Students' Assistance Act are contributed solely by the Government of Alberta.

For further details as to eligibility, application, terms of loans, time of payment of loans, etc., write to the Deputy Minister, Department of Education, Edmonton, Alberta.

READ CLASSIFIED FOR RESULTS

FOR SALE or TRADE—2 prs. of white skates, girl's size 11. **WANTED**—2 prs. of white skates, size 1 and 2. Apply Mrs. H. Oldham. 14-21c

Northern Nuggets

Mrs. W. Prior is enjoying two weeks in Edmonton with relatives and friends. We are pleased to report that her sister, Mrs. Hunter is progressing nicely in the Mannville hospital.

After having eleven teeth extracted last week Mrs. Marie Webb spent several days in hospital. Mr. Frank Bacon looks after the farm during her absence.

Mr. Ronnie Prior entered the University hospital on Wednesday to undergo an ear operation. We wish him a speedy recovery as the hockey season is coming up.

Mr. Percy Miller is our newly elected trustee.

Mr. and Mrs. Eugene Meyer are in Saskatchewan this week visiting at the home of their daughter Irene. We hope they have not found the going too difficult in all the blizzard weather that has been reported east of here.

Rev. Charles Johnson will be the guest speaker at Albert on Sunday morning. There will be special music. Everybody welcome.

Canada's first hospital was the Hotel-Dieu of Quebec, established in Quebec City in 1637 by a religious order that even then had been operating hospitals in France for several hundred years.

Earl Grey, who donated football's Grey Cup, was Canada's Governor-General for 6 years and 10 months, the longest term in office of any Governor-General to date.

Re-Nominated

At the Social Credit convention held at Holden last Saturday, Earl Hardy, M.L.A., was elected by acclamation for the Bruce provincial constituency, as candidate in the 1959 provincial election.

Interest in the public debt incurred by the federal government costs Canadians more than \$10 million a week.

Interest in the public debt incurred by the federal government costs Canadians more than \$10 million a week.

Mr. Stan White (nee Dorothy Faulkner) on the arrival of a 2.3 week daughter, 5 lbs. 14 oz., on November 8th.

Mr. Henry Beckett motored to the city Thursday taking Mr. Harry Vandervate of Mannville to receive medical treatment.

Mrs. Ed Pocock, Reggie and Connie Vandervate also enjoyed a day in the city.

Linda Hollar spent the weekend and her birthday with Christine Beckett.

The Students' Union at Albert School put on a nice dance Friday evening.

Misses Gail Kilarski and Louella Gilchrist of Edmonton spent the weekend with the Shipley's.

A large number of friends attended the wedding dance Saturday evening in Batts school for Cecil Lockhart and his bride.

Mr. and Mrs. G. Hollar and Mrs. M. Jackson motored to the city Tuesday.

Kinsella News

Mr. Mike Unlowski, who has been in business as a blacksmith here for about the past 30 years, held an auction sale on Saturday afternoon, Nov. 15, when his property, household possessions and blacksmith's shop equipment were sold. Mr. Unlowski is leaving the district to make his home at the west coast. He will be missed by his numerous friends in and around Kinsella who wish him well in his new home.

The members of the Kinsella Legion held a social evening in the Legion hut on Nov. 11th.

At the monthly meeting of the BPOE held on Thursday, Nov. 13, the election of officers for the coming year took place. The officers are as follows:

Excited Ruler, Bro. G. Peterson; Leading Knight, Bro. J. W. Wilkinson; Royal Knight, Bro. M. Orzechski; Lecturing Knight, Bro. H. Carter; Esquire, Bro. E. Young; Secretary, Bro. T. Oakes; Treasurer, Bro. A. Barker; Inner Guard, Bro. Wm. Armitage; Tyler, Bro. Wm. Rawluk; 3 yr. Trustee, Bro. D. Greenwood; Chaplain, Bro. J. McKie; Historian, Bro. H. G. Smith.

Mrs. W. Brown was a visitor to the city last week. Darlene Overbo had as her guests for the weekend, Shirley Ann Meakins of Edmonton and her school friend, Linda Wilkinson.

Please plan to attend the Amateur Concert sponsored by the Elks' Lodge on Friday, Nov. 21.

Jarrow News

Mr. and Mrs. Robert Bovenkamp left on Wednesday for a month's holiday at the coast, visiting with Robert's sister and family, Mrs. Richardson and other relatives.

Bruce Bovenkamp is staying with his grandparents, Mr. and Mrs. Bovenkamp, while his parents are away.

Congratulations to Mr. and Mrs. Cecil Lockhart whose wedding took place on Saturday followed in the evening by a dance at Batts School. We extend a warm welcome to these newlyweds who will be making their home in the Batts district.

The Metropolitan Community started their winter entertainment with a card party at the school on Saturday night.

Friends of Frank Allen will be glad to know he is now out of the hospital but is spending a week in Edmonton with former Jarrow residents, Mr. and Mrs. McMinn.

Mr. and Mrs. Bill Meakins and family of Edmonton spent the weekend with relatives in the district.

Miss Viola Bovenkamp of Edmonton spent the weekend with her parents.

Mr. and Mrs. Tony Soneff and family of Meeting Creek spent Sunday at the C. Soneff home.

Mr. and Mrs. Harold Whidden have spent the past week visiting with Mrs. Whidden's sister and family, Mrs. Robinson at Dapre. Alwyn has been home while his folks are away.

Mr. Elmer Helm and Clifford Wright have been visiting with Elmer's folks, Mr. and Mrs. Helm at Caroline and also hope to do some big game hunting. Mr. Rohr of Irma has been staying with Dixie while Elmer is away.

Mr. and Mrs. Buster Lingley visited with Mrs. Meakins and other relatives in Edmonton this week.

Victor Carter is sporting a '58 Meteor.

Echo - Rodino

Congratulations to Mr. and Mrs. Stan White (nee Dorothy Faulkner) on the arrival of a 2.3 week daughter, 5 lbs. 14 oz., on November 8th.

WANTS ADS DO BIG WORK

IN MOMENTS OF CRISIS—CONFIDENCE COUNTS

Imperial's 78 years of leadership has helped Canadians take for granted the reliability of oil and oil products

Reliability implies an adequate supply of the products you depend upon... when and where you need them, at reasonable prices.

Imperial has always been the leader in ensuring Canadians of an adequate supply of oil. Imperial's discovery of oil at Leduc, in 1947, opened the vast western oil fields.

The first oil company to supply consumer needs in all Canada's provinces, Imperial has nine refineries from Halifax to Vancouver (and in the Northwest Territories) to meet the local needs of Canadians.

Imperial has always been the leader, too, in a highly competitive industry which must seek... by broadening markets and increasing efficiency... to keep prices down. Over the past ten years, while prices of things in general have risen 134%, regular gasoline has gone up only 11%.
